KYLIE'S KICKBALL GAME

(Note: You may use a NERF™ ball or any soft foam ball small enough to fit into the wastebasket.)

- 🌰 Arrange 4 chairs in a diamond shape. One chair is “home plate,” one is 1st base, one is 2nd base, and one is 3rd base. The “pitcher” (someone who can read) stands in the center of the diamond.
- 🌰 An overturned rectangular wastebasket is in front of the pitcher, with the open end facing home plate.
- 🌰 The pitcher reads a word from the word bank below to the “kicker,” who stands in front of home plate. The kicker has to say whether the word has the **k** sound at the beginning, middle, or end of the word.
- 🌰 If the kicker answers correctly, the pitcher rolls the ball to the kicker, who tries to kick it into the basket. If successful, the kicker moves to 1st base. (If the kicker does not answer correctly or does not succeed in kicking the ball into the basket, it's the next person's turn.)

When the kicker reaches 1st base, the pitcher turns the basket toward the kicker at 1st base and proceeds as before. A home run is scored when a kicker makes it all the way around the bases.

SHOOTING BASKETS WITH K WORDS!

-  Print page 3, with pictures of three basketball hoops. Cut them out and place them in a row.
-  Print page 4, with pictures of 12 basketballs. Each ball contains a picture of a word with the **k** sound at the beginning, middle, or end of the word. Color the pictures if you like and then cut them out.
-  If the word pictured on the ball has the **k** sound at the beginning, put the ball in the first basket. If the **k** sound is in the middle, put the ball in the second basket. If the **k** sound is at the end, put the ball in the third basket.
-  How many balls do you have in each basket?

Hi, kids!

These krispy treats are keen! They taste great with a glass of milk after my karate class.
